## MATERIAL AT THE LJB LIBRARY PERTAINING TO CYPRUS, GREECE AND TURKEY

This list includes the principal files in the Johnson Library that contain material relating to Greece, Cyprus, and Turkey. It is not definitive, however, and researchers should consult with the Library's archivists about other potentially useful files. The guide includes those collections that have been opened for research in part or in whole, and those collections that are currently unprocessed or unavailable.

Researchers may also want to consult the *Foreign Relations of the United States* series before conducting research at the Johnson Library. This multi-volume documentary history is the official record of U.S. diplomatic activity. The volumes contain many documents from the holdings of the Johnson Library. The published volumes are available on-line at the State Department's web site at <http://www.state.gov/r/pa/ho/frus/lbjlibrary/>, and you can also reach that site through the "Related Links" section of the Johnson Library web site (<http://www.lbjlib.utexas.edu>) under the "Research" button. Bound volumes may be available at any major university or public library.

## NATIONAL SECURITY FILE (NSF)

This file was the working file of President Johnson's special assistants for national security affairs, McGeorge Bundy and Walt W. Rostow. Documents in the file originated in the offices of Bundy and Rostow and their staffs, in the various executive departments and agencies, especially those having to do with foreign affairs and national defense, and in diplomatic and military posts around the world.

Over one-half of the National Security File has been processed and opened for research. Consult the finding aid in the reading room or borrow a copy through interlibrary loan by writing to the Supervisory Archivist, LBJ Library, 2313 Red River Street, Austin, Texas 78705. Some parts of the finding aid, including the finding aid for the Country File, are available on the Johnson Library's web site. Those folders whose titles are preceded by an "X" or a date have been processed and their contents declassified in whole or in part. Lists of classified documents have been placed in those folders, and you may request mandatory declassification review of individual documents which have not yet been declassified in full. Those folders not preceded by an "X" or a date are unprocessed and are not subject to mandatory declassification review. Consult with a member of the staff on the processing schedule.

**NSF, NSC HISTORIES**

In 1968, the NSC staff prepared documentary histories of 21 international crises and events from the Johnson presidency. Compiled by xeroxing key documents in the National Security File and in other files, these collections are extremely useful. Moreover, they provide access to documents the originals of which, in some cases, are in unprocessed files.

### **RECORDINGS AND TRANSCRIPTS OF TELEPHONE CONVERSATIONS AND MEETINGS**

The Johnson Library staff is currently processing the recordings and transcripts of President Johnson's telephone conversations and meetings. The collection includes over 6,000 recordings of conversations with members of Congress, other public officials, civil rights leaders, members of the press, and friends and family from November 1963 through January 1969, as well as recordings of meetings held in the Cabinet Room in 1968. Transcripts and recordings dealing with the assassination of President Kennedy have been processed first, and the remaining telephone conversations, released in segments, are being processed in chronological order. Researchers should be cautioned that the transcripts included in this collection are not always reliable and should never be used without consulting the actual recording to assure accuracy.

The collection includes a significant number of recorded conversations which mention the topic of Cyprus, Greece, and Turkey. Detailed individual descriptions of the available conversations, as well as information about purchasing copies of tapes and transcripts, are available on the Library's web site (<http://www.lbjlib.utexas.edu>) and in the Library's Reading Room, (512) 916-5137, extension 234.

### **REFERENCE FILE**
